SUSTAIN/ BIODIVERSITY EDUCATION FOR
SUSTAINABLE DEVELOPMENT

THE PROJECT

The SUSTAIN project has begun to take shape, the partners have met each other and have started working and producing results.

The objectives of the project are:

- Raising awareness about air pollution and biodiversity loss, and its impact on human lives.
- Encouraging the adoption of actions that will reduce environmental pollution.
- Promoting innovative training methods in environmental education taking place in traditional classrooms.

THE KICK-OFF MEETING

The kick-off meeting held on 13 & 14 of April 2022 and took place at Zaragoza, Spain. The host was *Association Mundus*.

During the first day of the meeting, the partners present themselves and described the concept of the project.

On the second day the responsibilities were shared, the timetable was organized and discussed some related implementations.

Stay tuned for the next steps of the project!
